Working Experience and Projects

PROJECTS,COURSES Nov '17–Sep '19

React.js, Angular, Node.js, Express.js, PostgreSQL, MongoDB, CSS, HTML, C#, ASP.Net Core, Entity Framework, MSSQL

During this period, I was a full-time mother and in my free time I improved my software development skills by taking online courses through Udemy as well as building my own projects.

CRANSWICK(JNR C# DEVELOPER) Jul '17–Oct '17

C#, WinForms, SVN and Crystal Reports, SQL queries

Adding new views/functionality and reports to a Warehouse Management System.

FULL TIME UNISA STUDENT Mar '15–Jun '17

ASP.NET MVC, C #, Entity Framework, MSSQL, Bootstrap

During this period, I studied full time for my UNISA BSC Computing degree. In my free time I created apps for personal use.

MIWAY (DOCUMENT DEVELOPER) Oct '13–Feb '15

XF Designer, XML, XSLT, JavaScript, Oracle, Agile Scrum

Used XF Designer to build Policy Schedules as well as letters. XF Designer uses logic to build conditions in the policy schedule so that it is customized and display only the relevant information which applies to certain customers and certain options that the client selected. Used JavaScript to write custom functions in the template. Wrote basic select queries in Oracle to select policy numbers with certain criteria.
